Safeway food ads make interesting reading. For one thing, they carry a message of thrift and savings... in matter in which everyone today is tremendously interested. They help to solve the daily problem of three meals and in-between snacks. They suggest seasonal needs and delicious dishes... mouth-watering combinations, such as thick slices of hot roast beef with seasoned pan gravy, baked potatoes dripping with rich golden butter, fragrant steaming coffee, hot apple pie and wedges of ripened cheese. But, probably, the most important reason why you should read Safeway Ads is to you can take advantage of the consistent savings offered every week... every week of the year, by your Safeway store.
